

Bluntisham Baptist Church

Virtual Worship Service

7th February 2021

Dear Church Family

Welcome to our Virtual worship service. This morning we continue with our series, prayer matters, looking at the topic of **unanswered prayer**. We'll worship together in song, lament and pray with the Psalms and listen to Tim sharing God's word with us. We'll also hear stories of two members of our congregation – sharing with us how they dealt with disappointments large and small. Later in the service we'll be taking communion together, so please collect together bread and wine or juice so that you can take part too. The communion will be based on the story of the two friends walking on the road to Emmaus and encountering Jesus together. There will be an opportunity to share our disappointments with him and to repent of missed opportunities or wrong actions.

Many thanks to all who made the service happen this week – to Ben for choosing songs, Tim for preparing and preaching, Peter for putting the videos together and putting them on the website and to Michelle, Phil and Wayne for printing, photocopying, burning DVD's and distribution. What a great team effort to enable us to worship God together!

Please do remember to join us in any of the zoom coffee rooms straight after the service today (details in Michelle's email) and later this evening for our prayer gathering on zoom -led this week by Roger. Michelle will be sending out a separate email with details of the prayer gathering.

I'm praying that as you watch and worship along with this service that you will encounter afresh God's heart for you and those you love.

Every blessing

Catrin Horrex (Elder)
