VIRTUAL GATHERING CHURCH
Sunday 21st February 2021

'Contemplation'

Dear Friends

Welcome to our virtual gathering! Some of us may be feeling a little apprehensive at the moment ahead of the Prime Minister's announcement this coming Monday about how and when the current lockdown restrictions will be lifted. When will the children go back to school? When can I see my Grandad? or even...I'm just desperate for a haircut! All of these are as yet unknowns, however, one thing we can be sure of is God's faithfulness. As we worship, pray and listen together, may you be filled once again with the certainty of God's love for you.

Wayne, one of our Elders, will be bringing us the message on the next theme in our series of prayer – Contemplation. Today's scripture is read by our youngest son, Aaron.

Please find attached to this email a colouring sheet for younger members of our church family during our time of contemplation in the service and three resources on contemplation which you might find useful in the days and weeks ahead. I also recommend the chapter on Contemplation in Pete Greig's Book 'How to Pray – a Simple Guide for Normal People'.

As always, a **big thank you** to everyone involved in bringing us this service today, especially those behind the scenes.

Here's is the link to our online service or you can access it directly on the church website:

Have a blessed Sunday,

Katy Horrocks

P.S. Just in case you're missing seeing lots of smiling faces at church on a Sunday, here are a few for you...
